

REGENERATIVE  
MEDICINE  
FOUNDATION

# Corporate Council

The Regenerative Medicine Foundation Corporate Council (RMF CC) is comprised of industry leaders dedicated to advancing the science and business of regenerative medicine. Members of the RMF CC are committed to supporting the Regenerative Medicine Foundation's mission to

unlock the body's ability to heal itself through the science of regenerative medicine.

REGENERATIVE  
MEDICINE  
FOUNDATION

## What is the Corporate Council?

The Regenerative Medicine Foundation works with industry leaders dedicated to advancing the science of regenerative medicine. Together, these organizations form the Regenerative Medicine Foundation Corporate Council, an annual membership offered exclusively to the industry leaders who are committed to supporting the Regenerative Medicine Foundation's mission to unlock the body's ability to heal itself through the science of regenerative medicine.

Annual membership provides unique opportunities to participate in interactions with stakeholders ranging from other experts and leaders within the industry, to clinical and academic researchers, to Young Minds, regulatory groups and patient populations. Through a variety of group and one-on-one collaborations and networking events, members of the Corporate Council are able to advance a true regenerative medicine community.

Regenerative Medicine Foundation Corporate Council (RMF CC) exists to advance the science of regenerative medicine and facilitate the translation of the science into therapies through the experience, leadership and connections of corporate leaders. By participating in the RMF CC, members agree to serve this position in a way that is consistent with the mission of the Regenerative Medicine Foundation, to refrain from using membership in the RMF CC for either personal benefit or the benefit of the corporations with which they are affiliated, and to abide by and act in full compliance with applicable antitrust laws.

# Corporate Council Registration

I would like to help accelerate the discovery, development and delivery of regenerative medicine with the Regenerative Medicine Foundation.

First Name: \_\_\_\_\_ Last Name: \_\_\_\_\_  
Affiliation: \_\_\_\_\_ Title: \_\_\_\_\_  
Street Address: \_\_\_\_\_  
City: \_\_\_\_\_ State: \_\_\_\_\_ Zip Code: \_\_\_\_\_  
Phone: (\_\_\_\_) \_\_\_\_\_  
Email: \_\_\_\_\_
